Instructions to Bidders

- For all further requirements regarding bid submittal, qualifications, procedures, and contract award, refer to the Instructions to Bidders (EJCDC C-200) that are included in the Bidding Documents.
- Pursuant to Executive Order 11246 (Executive Order 11246, As Amended | U.S. Department of Labor), the OWNER will affirmatively ensure that in any contract entered pursuant to this advertisement will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, sex, or national origin in consideration for an award, Erwin Utilities is an Equal Opportunity Employer. Any contract that uses federal funds to pay for construction work is a "federally assisted construction contract" and must include the equal opportunity clause found in 2 C.F.R. Part 200, unless otherwise stated in 41 C.F.R. Part 60. Small and minority owned firms and women's business enterprises are encouraged to participate.
- The Copeland "Anti-Kickback" Act is also applicable, which prohibits workers on construction contracts from giving up wages owed. Contractors must not appear on Sam.GOV disbarment list.
- The Bid deposit shall be retained by the OWNER if the successful Bidder fails to execute the Contract or fails to provide the required Bonds, as stated above, within ten (10) days after award of the Contract.
- The successful Bidder shall be required to furnish separate one hundred percent (100%) Performance and Payment Bonds. The Performance Bond shall be in full force and effect for one (1) year after the date of final acceptance of the project by the OWNER.
- No bidder may withdraw his bid within (60) days after the actual date of the opening thereof.
- The OWNER reserves the right to reject any and all Bids, to waive informalities, or to reject non-conforming, non-responsive, or conditional bids. The OWNER reserves the right to award a contract to the lowest, responsive, responsible bidder or bidders, taking into consideration quality, performance and time.

American Iron and Steel

- Section 746 of Title VII of the Consolidated Appropriations Act of 2017 (Division A Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2017) and subsequent statutes mandating domestic preference applies an American Iron and Steel requirement to this project. All iron and steel products used in this project must be produced in the United States. The term "iron and steel products" means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and Construction Materials.
- The following waivers apply to this Contract:
- De Minimis, Minor Components, and Pig iron and direct reduced iron.

- Bidding Documents will be provided in Adobe PDF (Portable Document Format) (.pdf)
 that is readable by Adobe Acrobat Reader. It is the intent of the Engineer and Owner
 that such Electronic Documents are to be exactly representative of the paper copies of
 the documents. However, because the Owner and Engineer cannot totally control the
 transmission and receipt of Electronic Documents nor the Contractor's means of
 reproduction of such documents, the Owner and Engineer cannot and do not guarantee
 that Electronic Documents and reproductions prepared from those versions are
 identical in every manner to the paper copies.
- B. Unless otherwise stated in the Bidding Documents, the Bidder may use and rely upon complete sets of Electronic Documents of the Bidding Documents, described in Paragraph 2.06.A above. However, Bidder assumes all risks associated with differences arising from transmission/receipt of Electronic Documents versions of Bidding Documents and reproductions prepared from those versions and, further, assumes all risks, costs, and responsibility associated with use of the Electronic Documents versions to derive information that is not explicitly contained in printed paper versions of the documents, and for Bidder's reliance upon such derived information.
- C. After the Contract is awarded, the Owner will provide or direct the Engineer to provide for the use of the Contractor documents that were developed by Engineer as part of the Project design process, as Electronic Documents in native file formats.
 - 1. Electronic Documents that are available in native file format include:

a. None

- 2. Release of such documents will be solely for the convenience of the Contractor. No such document is a Contract Document.
- 3. Unless the Contract Documents explicitly identify that such information will be available to the Successful Bidder (Contractor), nothing herein will create an obligation on the part of the Owner or Engineer to provide or create such information, and the Contractor is not entitled to rely on the availability of such information in the preparation of its Bid or pricing of the Work. In all cases, the Contractor shall take appropriate measures to verify that any electronic/digital information provided in Electronic Documents is appropriate and adequate for the Contractor's specific purposes.
- 4. In no case will the Contractor be entitled to additional compensation or time for completion due to any differences between the actual Contract Documents and any related document in native file format.

ARTICLE 3—QUALIFICATIONS OF BIDDERS

- 3.01 To demonstrate Bidder's qualifications to perform the Work, after submitting its Bid and within (7) seven days of Owner's request, Bidder must submit the following information:
 - A. Written evidence establishing its qualifications such as financial data, previous experience, and present commitments.
 - B. A written statement that Bidder is authorized to do business in the state where the Project is located, or a written certification that Bidder will obtain such authority prior to the Effective Date of the Contract.

- C. Bidder's state or other contractor license number, if applicable.
- D. Subcontractor and Supplier qualification information.
- E. Other required information regarding qualifications.

3.02 **Deleted**

Prospective Bidders must submit required information regarding their qualifications by **[insert deadline for prequalification submittals]**. Owner will review the submitted information to determine which contractors are qualified to bid on the Work. Owner will issue an Addendum listing those contractors that Owner has determined to be qualified to construct the project. Bids will only be accepted from listed contractors. The information that each prospective Bidder must submit to seek prequalification includes the following:

- A. Written evidence establishing its qualifications such as financial data, previous experience, and present commitments.
- B. A written statement that Bidder is authorized to do business in the state where the Project is located, or a written certification that Bidder will obtain such authority prior to the Effective Date of the Contract.
- C. Prospective Bidder's state or other contractor license number, if applicable.
- D. Subcontractor and Supplier qualification information.
- E. Other required information regarding qualifications.
- 3.03 Bidder is to submit the following information with its Bid to demonstrate Bidder's qualifications to perform the Work:
 - Written evidence establishing its qualifications such as financial data, previous experience, and present commitments;
 - B. A written statement that Bidder is authorized to do business in the state where the Project is located, or a written certification that Bidder will obtain such authority prior to the Effective Date of the Contract;
 - C. A copy of the Bidder's state or other contractor license;
 - D. Subcontractor and Supplier qualification information, and
 - E. List of active projects (and owner) under construction with contractual start and end dates,
 - F. Assuming a Notice to Proceed of 07/01/2025, provide a construction schedule to meet the required final completion number of days listed and includes the following information:
 - 1. Construction Start and End date;
 - 2. Number of crews and equipment to be assigned at project start;
 - 3. Lead times (in weeks) for critical supplies to be on-site (for this project, it is assumed to be manholes and all sizes of pipe);
 - 4. A statement from any subcontractors to be used that they will be able to operate on your schedule and not cause delays in the project.
- 3.04 A Bidder's failure to submit all required qualification and schedule information with their bid as indicated may disqualify Bidder from receiving an award of the Contract.
